## BIP - BIGLIETTO INTEGRATO PIEMONTE

**... TUTTO IN UN BIP**

### COS'È LA BIP CARD

È la chiave di accesso al Biglietto Integrato Piemonte, BIP, l'innovativo sistema di bigliettazione elettronica della Regione Piemonte. Un progetto che ha portato alla creazione di una semplice card personale per tutti i tuoi spostamenti.

L'utilizzo della BIP Card è facile e immediato. Su questa pratica card (a microchip contactless) potrai caricare uno o più titoli di viaggio (abbonamenti annuali, mensili, settimanali...) o semplicemente del "credito" (dove già attivo) per pagare anche solo una corsa semplice ... tutti in un BIP. La modalità di utilizzo e validazione della BIP Card è in continuità con i vecchi titoli di viaggio che utilizzavi, secondo le regole delle aziende di trasporto con cui viaggi. Per effettuare la validazione è sufficiente avvicinare la carta all'apposito lettore posto all'ingresso del mezzo. Ricordati di portare sempre insieme alla BIP Card la ricevuta di pagamento del tuo abbonamento (in caso di controllo con validatore non funzionante).

**ATTENZIONE: LA TESSERA BIP SOSTITUISCE L'ABBONAMENTO TRADIZIONALE**  
e ti permette di caricare su un'unica tessera i diversi titoli di viaggio. Il rilascio della card avviene presso i nostri uffici di Domodossola e Borgomanero. È necessaria la presenza dell'abbonato con documento di riconoscimento e codice fiscale.

### SISTEMA CONTACT-LESS

**La validazione avviene senza contatto e pertanto è sufficiente avvicinare la tessera alla validatrice fino all'avvenuto segnale di validazione. Ricordati di validare la tessera sia in salita che in discesa dall'autobus.**

L'abbonamento regolare viene confermato con un segnale luminoso verde. In caso di abbonamento irregolare la validazione è accompagnata da un segnale luminoso rosso e da un apposito segnale acustico. In questo caso il passeggero viene assoggettato dall'autista all'acquisto del biglietto di corsa semplice.

### BIP CREDITO TRASPORTI

Sulla stessa tessera bip potrai caricare anche del credito per usare la tessera in sostituzione del biglietto cartaceo: nasce così la tessera bip credito. La tessera bip credito trasporti è utilizzata in alternativa a tutte le tipologie di biglietti cartacei. Con la tessera bip credito trasporti è possibile caricare la quantità di denaro che si ritiene opportuna per effettuare uno o più viaggi.

La tessera bip credito trasporti deve essere validata sia al momento della salita a bordo autobus che al momento della discesa. Il sistema, rilevato il percorso effettuato, scalerà l'importo dovuto.

La tessera bip credito trasporti può essere impiegata da uno o più utenti che contemporaneamente effettuano lo stesso percorso. Chi non sarà in possesso della tessera bip credito trasporti potrà accedere agli autobus acquistando il biglietto a bordo del mezzo con una sovrattassa pari a 50 centesimi.

**La validazione avviene senza contatto e pertanto è sufficiente avvicinare la tessera alla validatrice fino all'avvenuto segnale di validazione. Ricordati di validare la tessera sia in salita che in discesa dall'autobus.**

### COME RICARICARE IL CREDITO O RINNOVARE L'ABBONAMENTO

- Recati presso gli uffici Comazzi (il rinnovo è immediato).
- Almeno 3 giorni prima dell'inizio di validità del nuovo abbonamento, consegna all'autista una fotocopia della smart card con l'importo relativo all'abbonamento che intendi rinnovare (il rinnovo avviene entro 24/48 ore).
- Sul nostro sito internet [www.comazzibus.com](http://www.comazzibus.com) puoi trovare il link per ricaricare la tua smart card comodamente da casa tua (il rinnovo è immediato).

Per richiedere la smart card e per le specifiche regole d'uso recati presso gli uffici dell'autoservizi Comazzi, via Nosere 49, Domodossola  
Tel 0324.240333.

TVA è l'acronimo del progetto Trenino verde delle Alpi che intende dare nuovo impulso alla mobilità sostenibile nel territorio dell'Ossola, garantendo connessioni migliori con i vicini territori della Svizzera vallese e promuovendo la mobilità dolce.

Il Trenino permette di collegare giornalmente e in modo capillare l'Italia alla Svizzera, per poi raggiungere, attraverso una diffusa rete di trasporti pubblici, luoghi storici e naturalistici tra i più belli dell'arco alpino, tra valli, laghi e borghi patrimonio dell'UNESCO.

La rete di bus Comazzi serve in modo capillare le località dell'Ossola. La **stazione ferroviaria di Domodossola** con il suo **movicentro per i bus** è il punto centrale di questo sistema di trasporto.

**Domodossola** è il nodo in cui la rete bus permette l'interscambio con i treni in direzione sud (con le ferrovie verso Novara e Milano) e verso la Svizzera (con il Trenino Verde delle Alpi e la ferrovia Vigezzina)

La rete di bus Comazzi serve in modo capillare le località dell'Ossola. La **stazione ferroviaria di Domodossola** con il suo **movicentro per i bus** è il punto centrale di questo sistema di trasporto.

**Domodossola** è il nodo in cui la rete bus permette l'interscambio con i treni in direzione sud (con le ferrovie verso Novara e Milano) e verso la Svizzera (con il Trenino Verde delle Alpi e la ferrovia Vigezzina).

negli orari questo simbolo evidenzia alcune possibili coincidenze con i treni
